

Author - Lecturer To Visit Lowrey

A distinguished American author and lecturer, Salom Rizk, will be the guest speaker for an assembly at Lowrey on February 6. He has just returned from his fourth tour of Europe and the entire Near East, including Israel.

Salom Rizk was born in 1909 in Syria. Although he grew up as a Syrian, when Rizk was twelve years old he discovered that his mother had been an American citizen and that he could claim American citizenship.

When he left his far-impoverished birthplace to make his own personal discovery of twentieth-century United States, Salom Rizk did not know a word of English.

Three years after his arrival in this country, having had only a few weeks of schooling and having earned his own livelihood, he was invited by the Rotary Club of Ames, Iowa, to make his first appearance as a public speaker.

In an amazingly short time he began his career of lecturing under the auspices of the Reader's Digest.

In his book "Syrian Yankee" Rizk tells his own story about a true American who made his way by courage and perseverance.

This book may be obtained from our own school library.

March of Dimes Headed By Senior

Dan Sullivan, one of Lowrey's seniors, is leading Dearborn Township youths as Teen Chairman of the March of Dimes Committee. Mrs. Mann, Chairman for Dearborn Township, appointed Dan to this position.

The drive, which lasts until the end of January, includes the selling of peanuts at bowling allies and banks by Dearborn Township teens and a roller skating outing which proceeds from these activities going to the March of Dimes Fund. Dan has been active in all of these activities and is working closely with Riverside and Dearborn Township teens to help the March of Dimes reach its 1963 goal.

We know that Dan has been doing a fine job as Teen Chairman and we are proud that Lowrey has such a fine example representing it this annual campaign.

Support your school. Wear its colors on Red and Gray Day.

Mrs. Kaufman Bids Farewell...

Mrs. Kaufman is resigning from the Dearborn School system to take a counseling position with the University of Michigan, Dearborn Center. Some of her duties there will include evaluation of college credits for admission, as this campus enrolls students only at the junior and senior levels.

Mrs. Kaufman will be involved with an expansion of the testing program concerned with the aptitudes and interests of these students. In leaving, Mrs. Kaufman stated:

"Although I shall miss Lowrey and my associations with students and faculty members here, I feel that since I shall still be in the Dearborn area, there will be many opportunities to see you all again. In other words, I don't really think I'm leaving—I'll see you around!"

Mr. Kraai Takes Over

A new counselor has replaced Mrs. Kaufman. His name is Mr. Kraai (pronounced Cry). Mr. Kraai came to us from Fordson where he has taught Industrial Machine Shop for the past years.

Mr. Kraai received his Bachelor of Arts degree from Western University and his Masters degree at the University of Michigan.

Mr. Kraai is married and has three children; a 17 year old daughter named Sharyl Ann who is attending Dearborn High, and two sons, David, 12, and Charles, 14, who attend Clara Bryant School. Many of you may be familiar with Mrs. Kraai who has substituted here often.

Mr. Kraai enjoys teaching and would like to continue in this field. He is now teaching two evening classes in Machine Tools at Henry Ford Junior College.

The new counselor has moved into Mr. Rigotti's office. Mr. Rigotti has moved into Mr. McBride's office and in turn, Mr. McBride has moved into Mrs. Kaufman's office.

Mr. Kraai, "I think I will like counseling. I have done some counseling in the work shops at the University of Michigan. I don't think it will be much different here than at Fordson."

Incidentally Mr. Kraai and Mr. Pearson are now the Sophomore sponsors and were at the Sophomore dance.

We would like to welcome Mr. Kraai to Lowrey and hope he will find his work worthwhile and enjoyable.

Present Enrollment Senior's Splendor

According to Mr. Cady, the approximate enrollment for the semester beginning in January, will be 1754 students. Here is a breakdown for the anticipated enrollment for 1963.

Kindergarten	109
Elementary	333
Junior High	385
Senior High	813
Special Ed.	114
	1,754

The last three days of the old semester saw quite a few ties and high heels among the present 12A's. This is one of Lowrey's traditions. The day after the graduating class has gone (or the first of their skip days) the upcoming seniors (or 12A's) dress up to show the underclassmen that they are now the big wheels of the school. So look out underclassmen!

Auditorium Sparkles

Many changes have taken place in the Little Theatre during the past few months.

In the main floor there are 263 seats. Approximately 100 of these seats have table arms. The reason for the table arms is to make it easier to give tests to large groups without disturbing other students. The rows have been lettered and numbered. The walls have been tapered to the proscenium and repainted, and the floor has been re-tiled.

In the rear of the Little Theatre there is a storage room for audio-visual materials.

Improvements to the stage include a new stairway, an access door in front of the curtain. New lights and a new control board have been installed on the stage. Spot lights have also been installed.

The lavatory which was across from Mr. Fedoruk's science room has been converted into a make-up and dressing room for the performances and the drama classes.

The balcony will seat 122 people. The floor has been tiered so that everyone in the balcony can see the stage clearly. There are aisle lights under every other step to show the way in the dark. There are two entrances which are on both sides of the elevator.

The Little Theatre will be complete when the new curtain is installed.

This is a great addition to our facilities at Lowrey and we hope that everyone will appreciate it.

Welcome Sophomores

We would like to welcome the new tenth grade students from Oakley W. Best Junior High.

While here at Lowrey you will make many new friends among the student body and faculty. You will find many more activities and clubs open to you. You may be swept up with the enthusiasm of Lowrey's various sports, and you can dance to the romantic music of the many dances that are held.

The most important thing you will discover here at Lowrey is the opportunity to learn. Lowrey has a wide curriculum which extends to many fields. Whether you plan to become an engineer, scientist or even a housewife, you will find the classes offered that will best provide a basis for your future.

We hope you will make the most of your years here at Lowrey

Editorial

"Rome is famous for its catacombs, Paris is famous for its sewers, and now Lowrey has its fire doors."
Wayne Roe.

Doors, Doors, Doors!!

During Lowrey's modernization program, much new equipment has been installed, including fire doors.

These doors although necessary, have proved to be quite inconvenient to the students of Lowrey.

As we trudge from the bus, half asleep, into the halls of Lowrey, we are greeted by bright flashes of chartruse, blue, green, yellow and other colors of the rainbow. At this point we are suddenly and rudely awakened and find ourselves in a mess. We are in the midst of pushing, shoving, students enroute to their homerooms. By the time we pass through several sets of fire doors, we may find ourselves at our lockers, if we're lucky. After homeroom, when nerves have begun to settle, the confusion begins again. At the sound of the bell, students sampede to their classrooms, charging through several more sets of fire doors. It is surprising what one student can encounter during the four, short minutes between classes. This includes being jammed through the very small opening that has been allowed for students to pass through the doors, scrambling to pick up lost books that have been separated from their owners, being hit in the face with the door after a careless person forgot to check his "rear view mirror", and so on.

After the bell rings at 3:34, the worst of the mad rushes occurs. As we step from our classes out into the halls, we are met by the oncoming crowds. We are practically "carried" to our lockers (if we are fortunate enough to be swept away into the right direction), and finally to the bus.

Thus ends the typical day of a Lowrey student since the coming of fire doors.

"Never in this world can hatred be stilled by hatred; it will be stilled only by non-hatred—this is the Law Eternal." Buddha—5th Century B.C.

Table Tennis For Girls

Table tennis practice started for Senior High girls last Thursday, January 17 and is now going full speed every Thursday after school. Those of you who are interested need not be a member, but what you will need is the necessary gym apparel to be eligible. It would be appreciated by the G.A.A. club if more girls took an interest in this "swingin'" extracurricular activity. The club is sponsored by Mrs. McGill.

Letter To The Editor

Dear Mr. Editor:

There are several reasons why homework should not be assigned over the weekend. First, five days out of seven devoted to school are enough for teenagers, who really do have other things to do besides study. For instance, when are we going to work on the lawn for Dad, clean house or run errands for Mother, go shopping, get outdoors, see a show, or just read that book we have been waiting to get into? Second, week-end homework must be left until Sunday night unless you're one of those rare souls who, after five days of school, can settle down to the books on a Friday night in spite of the movies, the games, and the dates which Friday seem to inspire. Then too, week-end homework is so often either not done at all or so poorly done that teachers have nervous breakdowns all day Monday trying to work with students who don't have the vaguest idea what the lesson is all about. In fact, it would be easier on everyone if the assignment had never been given at all. Finally, you come back to school on Monday, fresher, more willing to start in again, if you have had a clean break from school for two days.

Thank you very much,
Rosalyn Ish

First Impressions

As 9A's at Oakley W. Best, the incoming sophomores visited Lowrey school during the early part of January.

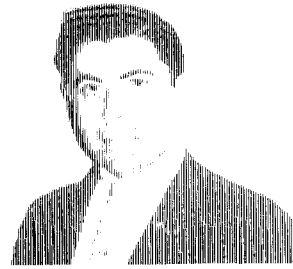

Here are some first impressions of our school by members of the group.

- Nancy Grusseau, "It's big."
Ray Berry, "It's a pretty cool school."
Phylis Crawford, "It's O. K."
Dawn Crumpton, "I'm gonna get lost."
Lynn Cartwright, "It's big."
Mike Kellman, "It's alright, I guess."
Mike Horvath, "It's a cool school; lots of nice people."

Senior Class Outing

To celebrate their promotion to the 12A our Senior Class recently held a tobogganing and ice skating party at Rouge Park. At approximately 8 o'clock a caravan of Lowrey Seniors roared into the park. Within a few moments, all were zooming down the hill, with or without toboggans!

Despite the cold weather, sub-zero (-18) temperature there was quite a large turnout. The students fought the cold by bundling up in Dad's long-johns, little brother's boots, Mom's old nightcap, and anything else available to them. It was though, the spirit of the class more so than the clothing that kept the seniors warm.

Teacher Spotlight

In this issue of the Lowrey Light our spotlight is centered on Mr. Meredith, English teacher and dramatic coach at Lowrey for the last two years.

Mr. Meredith attended Fairmont State College in West Virginia, where he majored in Speech and English. He graduated with a Bachelor of Arts Degree. Previous teaching experience included one year in West Virginia and three years at Trenton High School, after which he came to Lowrey.

For sparetime enjoyment Mr. Meredith acts and directs in the Trailway Players community theater group. He is married and has four children. Mr. Meredith gave his opinion on three questions. The first was: Do you like teaching at Lowrey High? He replied, "Yes, I like teaching at Lowrey, I have found that it is a place where generally, there is room for different ideas and attitudes."

The second question was: Do you have any advice to offer to the students? "I would caution all teachers as well as students to guard against letting develop, in school or in the world at large, a situation in which there is only one way to do a job, or look at a problem."

The third and last question was What is your personal philosophy of teaching?

He answered, "As for my personal philosophy I believe that, in addition to the usual five senses, I should try to help my students develop two more: sense of values, so that learning has reason and meaning, and a sense of human, so that learning can be fun."

Bible Club Plans

Members of the Bible Club have made up a schedule for the remainder of the school year. A book of the Bible has been selected for each month and the meeting will revolve about a discussion of this book. The schedule is as follows:

- February 5—Mark
Guest Speaker—Reverend Kennedy
March 5—Luke
Guest Speaker—Pastor Armstrong
April 2—John
Guest Speaker—Reverend Spurr
May—Acts.

Alumni News

The following people are attending Henry Ford Community College.
Lee Christie, '62.
Eddie Gnewkowski, '62
Carol Lambdin, '62
Vince Annachini, '62
Ron Payok, '62
Lawrence Tech students include
John Drouillard, '62
Lawrence Krupa, '61
Married are:
Danny Balagna, '62
Cathy Gurniak, '62
John Antonelli, '62, is working for Bell Telephone.

Jack Ashby, '62, is working in Los Angeles

Vera Bassett, '62, is working in an insurance office.

Angela Bertucci, '62, is working at Bell Telephone Co.

Patricia Hart, '62, is working at Oakwood Hospital.

Mike Marcott, '62, is working at Park Auto Electric Service.

George McLaren, '62, is assistant manager at Shoppers Fair Shoe Dept.

Gary Morton, '62, works for Standard Oil.

Martha Pell, '62, is working as sales clerk.

Joe Stouder '58, is working at McClouth Steel.

Rich Stouder, '59, is working at General Motors.

Mary Tank, '62 is working at Arlans Department Store.

Bob Wislowski, '58, is working in cars in his own garage.

Mike Brill, '62, is attending Rets Electronic School.

This is just a reminder to all juniors and seniors that it is not too early to start thinking about who you want to ask to the Junior Prom on Saturday, February 23rd. Help support the juniors by attending their prom.

February Birthdays

In the month of February many famous people were born. Here are some of them. This information was found in "Book of Days and Deeds", "Anniversaries and Holidays" and "cellist."

February 1st—Victor Herbert, 1859 American composer, conductor and "World Book Encyclopedia."

February 2nd—Gabriel Naude, 1600, French librarian and scholar, and collector of the Magazine Library.

February 3rd—Sidney Lanier, 1842 One of America's most distinguished minor poets.

February 4th—Charles Lindbergh, 1902, Hero of American aviation.

February 5th—Sir Robert Peel, 1788, British Prime Minister.

February 6th—Sir Henry Irving, 1838, English actor and manager, famous in the roles of Othello and Richelieu.

February 7th—George (Babe) Ruth 1894, Baseball's greatest batsman; Home Run King of New York Yankees.

February 8th—Boy Scouts of America, 1910.

February 9th—William Harrison, 1773, Soldier and ninth President of the United States.

February 10th—Charles Lamb, 1775, Most lovable of the English essayist.

February 11th—Thomas Edison, 1847, American wizard inventor and electrical investigator, creator of the incandescent lamp and phonograph.

February 12th—Abraham Lincoln, 1809, Lawyer, friend of the slaves, and sixteenth President of the United States.

February 13th—Grant Wood, 1892, American artist.

February 14th—Christopher Stoles, 1819, American inventor of the typewriter.

February 15th—Galileo Galilei, 1564, Great Italian astronomer and mathematician.

February 16th—Henry Adams, 1838, American intellectual historian and writer.

February 17th—Rene Laennec, 1781, French physician, inventor of the stethoscope.

February 18th—Anders Zorn, 1860, Swedis painter, etcher, and sculptor.

February 19th—Sven Hedin, 1865, Swedish traveler, geographer, and writer.

February 20th—Joseph Jefferson, 1829, Distinguished American actor, famous as Rip Van Winkle.

February 21st—Alice Palmer, 1855 American educator, leader in high education for women. President of Wellesley College.

February 22nd—George Washington, 1732, Father of Our Country, and the first President of the United States.

February 23rd—William DuBois, 1861, American educator, author and editor.

February 24th—Hons Wagner, 1874, American baseball star.

Guess Who

Here's how one of our sophomores in high school looked a few years ago. She still has the same smile and pose. She is on a college-prep course and she is from District No. 7.

Poetic Thoughts For Valentine's Day

O little loveliest lady mine,
What shall I send for your valentine?
Summer and flowers are far away;
Gloomy old winter is king today;
Buds will not blow, and sun will not shine;

What shall I do for a valentine?
I've searched the gardens all through
and through,
For a bud to tell of my love so true;
But buds are asleep and blossoms are dead,

And the snow beats down on my poor little head.

So little loveliest lady mine,
Here's my heart for your valentine.

Laura E. Richards

For this was on St. Valentine's Day,
When every fowl cometh there to choose his mate.

Geoffrey Chaucer

Oh, if it be to choose, call thee mine.
Love, thou art every day my Valentine.

Thomas Hood

I always say a Good Saint is no worse than a bad cold.

Ogden Nash

Homemaker of Tomorrow

Barbara Allen, a January, 1963 graduate, is Homemaker of Tomorrow for our school in the 1963 Betty Crocker Search for the American Homemaker of Tomorrow. Having achieved the highest score in a knowledge and attitude test given senior girls December 7, she now is eligible, along with winners in other state high schools, for the title of State Homemaker of Tomorrow who will receive a \$1500 scholarship.

February 25th—Enrico Caruso, 1873, Italian singer.

February 26th—William Cody, 1846, Familiarly known as "Buffalo Bill."

February 27th—Henry Longfellow, 1807, American poet.

February 28th—Mary Lyon, 1797

Inquiring Reporter

In this issue of the Lowrey Light the inquiring reporter asked students of Lowrey what they thought was the most interesting profession, and why.

Helen Barakash, 12B-1—"Diplomat to the United Nations. They meet more people, have to be understanding to all they meet and gain more experience from life."

Juliet Malli, 12B-5—"Secretary. Because you get to meet people, learn more about business, and get a professional man for a husband."

Marilyn Mata, 11B-6—"Beautician, because you get to meet people."

Michelle Livingston, 11B-5—"A doctor, because they're cute, make money, save lives and I'm going to be a nurse."

Gail Arnold, 11B-1—"Nursing because you're dedicated in the work you do. You are in a better position to help others in need."

Sylvia Segel, 11B-9—"A bartender, because you meet so many crazy people and listen to many interesting problems."

Jerry Tripod, 12B-8—"I feel some sort of business occupation is the most interesting position for a person to hold, because these jobs are not only well paying jobs, but also add to the moving parts of our economic system."

Gerald Zajac, 11B-1—"I think the most interesting profession would be being a doctor because you meet many people, help them when they are in need of it, and sometimes even save their lives."

Sue Tarch, 12B-7—"The art field is most interesting to me. I can't explain why—I'm just an art bug."

Pat Sluder, 12B-7—"Being a nurse is the most interesting profession because you can meet a lot of people and you help others."

Richard Graham, 12B-3—"Advertising. I like well done commercials."

Roberta Rush, 11B-8—"Science. You are helping mankind."

Barbara Riach, 11B-8—"National Politics. You get to meet the leaders of the world."

Bud Jodoin, 10B-5—"Being a burr, you don't work."

Sharon Shoemaker, 11B-9—"Airplane pilot—because there's the thrill of crashing."

Janet Johnson, 11B-5—"Service. That's where the boys are."

Ricky Cooper, 9B-3—"I think the most interesting profession would be being the president or a member of the legislation because then I could help my country make laws that would help it be a better nation."

Gilbert Harrison, 9B-3—"I think a doctor is the most interesting profession because you help people to live and most of all you give life."

Jim Demeen, 10B-3—"Being a singer and actor because I'm musically and dramatically inclined."

Lorraine Fuller, 11B-3—"It would be nice to be a nurse and to work with Ben Casey."

Student Spotlight

This issue of the Lowrey Light has the spotlight on Barbara Reach, a junior.

Barbara is a college prep student and has maintained a B+ average while at Lowrey. She is from District No. 2 and her favorite subject is biology. Her hobby is sewing and she enjoys playing tennis and swimming. She is a member of the Thespians, Student Council and is on the Annual Staff. When asked what she planned to do when out of school she replied, "I'm going to go to Michigan State University and major in Bio-chemistry."

Welcome Miss Krzyston

Lowrey would like to welcome Miss Carol Kryston, a student teacher working with Mr. Rice in the English department. Miss Krzyston is a senior at Wayne State University, majoring in English Literature, and minoring in Spanish and speech. She will be here until March 22nd, when the semester ends at Wayne State.

Before coming to Lowrey, Miss Krzyston was a student teacher at several Detroit schools.

Plans for the future are indefinite, but Miss Krzyston is interested in either teaching, continuing at Wayne State working toward her Masters Degree, or joining the Peace Corps., where she would like to do some teaching in South America.

Miss Krzyston has several interesting hobbies, including writing short stories, reading, boating, swimming, and playing chess.

When asked her opinion of Lowrey school and its students, Miss Krzyston stated, "I like Lowrey very much. The students here are friendly and boisterous and, I feel, are an asset to this school."

Tanker Injured

Lowrey High's swimming team's hopes for a successful season were handicapped when Bob Davis, top freestyle ace, was involved in a serious automobile accident in which he suffered a broken collarbone.

Bob's loss for the rest of the season will greatly influence the tanker's won-lost record for the meets this season have been extremely close.

Davis' speed and endurance have enabled him to set a new high school record of 57 seconds for the 100 yard freestyle event, and capture many first place wins in our early season meets.

Bob has managed to maintain a C+ average and has been a member of the Varsity Club for a year. His favorite hobbies are swimming and skiing. After graduation he plans to attend Henry Ford Community College.

When asked what he thought of the swimming team's chances this year he stated, "Our chances are better his year than last, because of more enthusiasm on the team. Also because the team has finally realized how great our coach really is."

J.H. Beats Maples

Lowrey's Jr. High swimming team downed Maples Jr. High by a score of 48-35, on Wednesday, January 3. The game which was played here at Lowrey, was the first time in 11 years that Lowrey has beaten Maples in swimming.

Two Jr. High swimming records were made during the meet. Frank Germany broke the 100 yard free style record with a time of 1:04.6 seconds. The 160 yard free style relay record was also broken by Bill Pearce, Eugene Faes, John Matchanaski, and Frank Germany.

Bill Browning took first in the backstroke and in the individual medley.

All boys on the Jr. High swimming team are in the ninth grade.

When asked what he thought about the team Coach Oswalt said, "I think we have a better team this year. I believe it is one of the best we have ever had."

Bowling Club Rolls Along

The Bowling Club has been going along well but there are a lot of members who have missed once in a while.

The boys high game is still held by Jim Winfield and likewise in the girls high game held by Kathy Sullivan. Her high score is 172, while Jim's high score is 210. Jim Winfield holds another first place honor in the boys high series of three games with 368 average. Holding first in the girls high series is Janice Turner with a 298 series. The team high game is held by team number 3 having a 420 average. Its members are Jim Winfield, Janet Settles, and Ann Marie Kolod. Team high series is an 802 by team number 1.

Sports Spotlight

This issue's sports spotlight is on Larry Bohner, a 12B-1, from District 2. Larry is on the swimming team and has been in the Varsity Club for two years. He is also the President of the Senior Class.

Larry's hobbies are astronomy, chess, and all sports.

Larry was asked what he thought of this year's swimming team. He replied, "We're better than last year. So far we have had some rough breaks in losing our first three meets but our luck will change."

Larry, who maintains a B+ average, is on a college preparatory course. He is majoring in science, mathematics, English and social studies. His future plans are to attend the University of Michigan and become an astronomer.

J.H. Cagers Down Edison

Lowrey's Jr. High basketball team took a close game from Edison Jr. High on Monday, Jan. 21. The battle, which was played on Lowrey's gym, ended up 32-31 with Lowrey as the victor.

The game was won during the last minute when Marty Nowak, 9B, made two free throws, one tied the game, the other put Lowrey ahead.

When asked to comment on the game, Coach Currie stated, "Although we only had one high scorer, Marty Nowak with 26, the game was won on team effort."

Sports U.S.A.

Baseball is the only sport originated in America. There are more than one hundred sporting events participated in by American people. The 1920's were considered as the Golden Age of Sports when attendance to sports events started to grow.

In 1926, 120,757 people paid to see the Dempsey-Tunney fight in Philadelphia.

The first sporting event to be broadcast over the radio was the Dempsey-Carpentier fight in 1921 and the first televised event was a baseball game from Ebbets Field in Brooklyn, New York, in 1939.

Answer to Guess Who:
Chris Hines, 10B-4.

Riverside Wins

Lowrey's varsity basketball team lost its third game of the season to Riverside High by a score of 66-38 at O. W. Best Jr. High on Friday, January 4.

The game was marked continuously by Lowrey mistakes or violations, errors, and foul trouble.

It was a rough night for Lowrey from the start. Riverside jumped off to an early lead and kept this lead through the first period for an 18-5 advantage.

Lowrey overcame its early jitters and started to play ball by matching Riverside point for point in the second quarter, but could not overcome the 13 point deficit and trailed at half-time 31-18.

In the second half it was all Riverside as they continued to press Lowrey into mistakes.

Lowrey was led in scoring by senior Corky Hall and sophomore Doug Cole, each had 10 points.

Lowrey's next home game will be held at O. W. Best School on February 1, where they will meet Hamtramck. Our school has shown a tremendous amount of school spirit at the basketball games this season. Let's keep it up!

Tankers Win

The Lowrey Swimming Team finally won their first meet against River Rouge High School by the score of 57-47. The meet was held on January 8, at Lowrey's pool. This broke the team's 3 game losing streak which was highlighted by two very close defeats. In achieving this victory, the team was able to place 6 firsts and 5 seconds. A recap of the meet is as follows:

400 yard medley relay—Gendron, Sawicki, Bohner, and Hughes placed first with a time of 1:36.5.

200 yard free style—Roger Kilponen placed second with a time of 2:38. Dave Ghetia took third with 2:40.

40 yard free style—Tim McElmurry took third with the time of 22.3 seconds.

160 individual medley—Rick Graham took second with a time of 2:10. Verne Viger placed third with 2:36.

Diving—George Wollas and Dan Lukasewski combined with a first and second combination. George placed first and Dan took second.

Butterfly—Rick Graham took another second with a time of 1:27.

100 yard free style—Bob Davis took first place with the time of 57 seconds. This broke the school's existing record by one tenth of a second. Dan Gregory took third with a time of 65.2 seconds.

100 yard back stroke—Ted Gendron turned in his best time of 1:06.2, only to place second. Bob Brown placed third with 1:17.

400 yard free style—Bob Davis took another first with the winning time of 5:17.

100 yard breaststroke—Harry Sawicki placed first with 1:16 while Ed Davidge took a close third with 1:20.

Tankers Drop 3rd to Robichaud

Lowrey's swimming team lost its third meet to Robichaud by the score of 56-49. The meet was held at Robichaud pool at 7:30 on December 17. Lowrey's team was able to place 6 firsts and 3 seconds, but was not able to come through. The team's downfall was in the 200 individual medley, 200 free style, 400 free style and 200 speed relay. A recap of the meet is as follows:

200 medley relay—Zwarka, Sawicki, Graham, and Hughes placed first with a time of 2:13.

50 free style—Bob Davis took first with a time of 28.4 seconds. This broke Lowrey's existing record by two tenths of a second. Gregory placed third.

Diving—George Wollas placed first in diving with 40.0 points. Dan Lukachewski took third.

100 yard butterfly—Rick Graham turned a 1:23.5 to place a second, 10 seconds behind first place.

100 yard free style—Bob Davis took another first with a time of 57.6 seconds.

100 backstroke—Ted Gendron took first with a time of 1:12. Bob Brown took a close second place.

400 free style—After winning the previous event, Ted Gendron took third with 6:03. He was the only backstroker in a free style race.

100 Breast stroke—Harry Sawicki took an easy first, while Larry Bohner took a very close third.

200 free style relay—With the meet hinging on this even, Saxton, Hughes, McElmurry, and Gregory were not able to pull it out. Swimming last, Dan Gregory almost closed a 6 foot gap to end the event in a dead heat. However, the judges awarded the win to the Robichaud team, thus securing Lowrey's loss.

New Majorette

Nancy Antalik, 12B-1, has been selected as Lowrey's new majorette for the remainder of the year. Nancy has a C average and is from District No. 7.

Nancy's hobbies are skating, sewing, and participating in the school clubs to which she belongs. She is on the Annual Staff, and was a member of the Homecoming Committee. She also belongs to the Bowling Club and has received two pins and a letter for her participation in C.A.A. sports.

Her future plans include going to college for two years to study to be a sewing teacher, or become an airline hostess.

When asked how she felt about being chosen to be a majorette, Nancy stated, "I was very proud to have been selected as a majorette for Lowrey High. I feel as if I have achieved something important." Nancy said she wanted to become a majorette "because I wanted to feel as if I were a part of Lowrey as a school and try to do something important towards the school."
