

A LOWREY MULTI- CLASS REUNION PRAYER OF BLESSING

October 7, 2022

I have a serious, yet somewhat light-hearted prayer before dinner... so please join me in this meditation.

DEAR Heavenly Father,

Your scriptures tell us that if 2 or more people are gathered in your name, you are amongst them. Therefore, we know that you are here with this Gaggle of Rowdy Lowrey Classmates tonight... and we thank you for that.

This evening's prayer, is a prayer of Thanksgiving ...and of course we have requests for your continued help.

We thank you for this meal before us, the hands that prepared it, and this evenings' opportunity to re-ignite the dear Lowrey school classmate friendships. Some here tonight, we have known since we were 5 years old in kindergarten. Some may even be past HEART-THROBS. Some of our classmates you have already called home to be with YOU, we thank you for our past time with them..... they clearly are missed, but we know they are in your good-hands now. We also pray for those classmates that could not be here tonight with us.

We give a special thanks for your guidance of the PLANNING COMMITTEE MEMBERS, and their ENERGY and UNDYING EFFORTS toward facilitating THIS EVENINGS, special time together.

You have given us so much over our lifetime, and we are so thankful for our families, significant events, and materialistic things in our life, as well as being thankful for the simple things, like our sight, hearing, and the strength to get up this morning under our own power.

Please ignite the Stars of our Hearts to make us realize that it's **WHAT'S INSIDE OF US** that **REALLY** counts, and help us realize our true value as person's of WISDOM that can give **GUIDANCE.....**that can give **PEACE** and **CALM**, that can give **AID TO OTHERS**, especially to our **GRANDCHILDREN** and to each other.....after all...It takes a Village.

Please help us return our COUNTRY to it's previous incredibly strong position at home, and in the world. Protect our Service men and women, and **SOFTEN** the hearts of **ALL** that exhibit **HATE**. Bring back **RESPECT** for our **FELLOW MAN**, and **STOP THE SHOOTINGS OF SCHOOL CHILDREN** and **EDUCATORS** among so many other nasty incidents.

Lord you have helped us through all those days of walking to elementary and Junior High School, you have helped us through those days of waiting for, and riding in crowded activity buses from Lowrey High School, sometimes with Hot Young Ladies on our laps holding our books, and of course the de-pantsings that went on in the back of the bus, and who can forget our sneaking out of school to Roma Bakery to get pizza bread rolls for lunch, to literally all the other shenanigans that went on while at Lowrey. You helped us, and I mean no disrespect, helped us survive our time, with all our teachers idio-syncrcies, teachers such as, Betzing, Bach, de Stigter, Hoffenbacher, Elliott, and that list goes on.

Seriously, We ask that you **GRACE ALL HERE TONIGHT**, and all **PAST CLASSMATES** and **TEACHERS** wherever they may be, with a HIGH QUALITY OF LIFE until you call each of us home one-by-one.

Please answer all of our DAILY PRAYERS, and Let us **BE QUIET OF HEART**, and LISTEN for your **GUIDANCE**.

**And Finally, We pray ALL THESE THINGS, O Lord, and so many, many
more, in YOUR NAME. Amen**
