Program Note:

This is Lowrey High Schools' first Sunday afternoon concert. The performance has been scheduled for the specific purpose of presenting our senior high talent at a time which will be convenient for most of the parents to enjoy.

We are proud of the interest shown by your young men and women, and, since our own interest is to develop musical talent to its maximum potential, we hope that you, as parents and friends will enjoy the effort put forth today by your sons and daughters.

E. K.
